

Amendments to Drawings

The attached sheet of drawing figures include changes to FIGS. 4, 5, and 6. This sheet, which includes FIGS. 4, 5, and 6, replaces the original sheet including FIGS. 4, 5, and 6.

Attachments:

Replacement Sheet including FIGS. 4, 5, and 6

REMARKS***1. Status of Claims***

Claims 1-13 are in the application. Claims 1-7 remain in the application unchanged. Claims 8-9 are withdrawn from consideration. Claims 10-13 are new. Claim 9, although its status is withdrawn, was amended to correct inadvertent claim mis-numbering. No new matter has been added

2. Request for Supplemental Notice of Allowance

Claims 1-7 and 13 are allowed. The Examiner does not explicitly state the status of Claims 10-12; however, since there are no grounds for rejection stated, and since claim 13 (which depends from independent claim 10) is explicitly allowed, the Applicant believes that the Examiner meant to also include claims 10-12 as being allowed. The Applicant therefore hereby requests a Supplemental Notice of Allowance from the Examiner.

3. Drawings

The Examiner requires that the drawings include the actuator recited in claims 1-7 and 10-13 or the actuator canceled from the claims. Actuator 13 has been added to FIGS. 4, 5, and 6. The amended FIGS. 4, 5, and 6 are attached for the Examiner's review.

A substitute formal drawing sheet including FIGS. 4, 5, and 6 is being transmitted to the Drawing Processing Branch under separate cover.

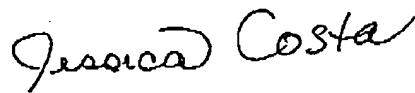

4. Specification

The addition of the actuator 13 to FIGS. 4, 5, and 6 necessitated the addition of mention of the reference sign —13— in the specification when referring to the actuator. The specification has been amended accordingly.

Conclusion

Should the Examiner have any questions regarding this amendment, or should the Examiner believe that it would further prosecution of this application, the Examiner is invited to call the undersigned directly.

Respectfully submitted,

March 31, 2005
